

COMMUNICATIONS - WIRED SYSTEM

RTS WIRED 6 WAY 2 CHANNEL BP325 COMMS SYSTEM

The PS15 System power supply. Provides two independent output channels, one powered at 32VDC up to 1 amp and one inchdry inch and program audio. Features unique circuitry that protect outputs from short circuit conditions with automatic and instantaneous recovery when short is removed. Powers an average of 15 stations. Packaged in ? rack by 1 RU all metal housing for added durability.

The BP-325 is a portable beltpack for use with RTS Two-Wire intercom systems. The BP-325 is a binaural (stereo) programmable two-channel beltpack with program-input capability. The BP-325 is for use with a dynamic microphone only.

The DT 108 is used throughout the world for news gathering, film, TV production and live events. The headphones are exceptionally comfortable with a soft headband and ear pads. A high level of ambient noise attenuation is achieved with the closed design of the ear cups. Rugged construction ensures reliability for many years of use.

Kit comprised of the following: 1 x RTS PS15 System Power Supply 6 x RTS BP325 Dual-Channel Beltpack 6 x Beyerdynamic DT108 Headset

Fully compatible with our 4 Way HME DX210 Kits
