WIRELESS RADIO MICROPHONES

SENNHEISER 1 WAY G3 606-648 HAND HELD RADIO SYSTEM

Kit comprised of the following:
1 x Sennheiser G3 EM500 Receiver
1 x Sennheiser G3 EW300 Handheld Microphone
1 x Sennheiser Cardioid Dynamic Capsule
All the aerials, spares & cable you need

Complete kit

This set relays its high-quality signal via a transmitter to the flagship evolution EM 500 true diversity receiver. Sync up the transmitter to the receiver with a simple press of the sync button. Sennheisers technical prowess in wireless technology allows you to focus on delivering your most successful presentation ever without worrying about your wireless.

Please note that each the transmitter requires two 1.5 volt AA batteries that need to be purchased separately

Please note that this radio is in the frequency range 606-648
