COMMUNICATIONS - WIRED SYSTEM

CLEAR-COM WIRED 6 WAY 2 CHANNEL COMMS SYSTEM

• Rackmounted remote stations also available on request

Complete wired communications system

4-Channel 2-Amp Rack Mount (1RU) System Power Supply - UL Listed. 4-channel x 2 intercom jacks, 1 program input, universal power supply. The PS-704 is a four-channel, single rack-space intercom power supply that features Clear-Coms inchfail-safe inch design for maximum reliability. The power supply delivers 1.2 amps at 30 volts, supplying power for one to four channels of intercom. It will support up to 40 beltpacks, 10 speaker stations or 12 headset stations.

The RS-602 is a 2-channel, dual listen monaural beltpack with a 4-pin male headset connector and 6-pin female/male loop through intercom line connectors.

The DT 108 is used throughout the world for news gathering, film, TV production and live events. The headphones are exceptionally comfortable with a soft headband and ear pads. A high level of ambient noise attenuation is achieved with the closed design of the ear cups. Rugged construction ensures reliability for many years of use.

Kit comprised of the following:

1 x Clear-Com PS704 or MS/SB704
6 x Clear-Com RS602 Dual-Channel Beltpack
6 x Beyerdynamic DT108 Headset
