MICROPHONES

DPA 4080 MINATURE CARDIOID MICROPHONE > 3 PIN LEMO

Combining high audio quality and low visibility, the d:screet 4080 Miniature Cardioid Microphone, Lavalier is well suited for broadcast, conference, and other live performances in the studio or in the field.

It is acoustically pre-equalized, offering a 4 dB presence boost. This makes the voice more distinguishable and improves speech intelligibility. Professionals will appreciate the light weight and the excellent speech reproduction.
