LOUDSPEAKERS - SUB BASS

KV2 EX2.2 ACTIVE SUB

Active Bass Module

The EX 2.2 is a double 120, compact, active subwoofer system. On-board electronics include a stereo crossover with high ass outputs and full overdrive protection. Featuring KV2 Audios switching amplifier technology, precision manufactured woofer designs and a high efficiency, twin chamber acoustic design, the EX 2.2 delivers tight, fast, controlled bass response at very high output levels from a small cabinet footprint.

Features: - Professional, Baltic birch construction with wear resistant polymer coating. - 130dB sustained output, 133dB peak. - 1000W high efficiency, current-enhancing, switching, low frequency amplifier. - Complete on board subwoofer management including equalization, crossover filters, amplifier overdrive protection, output level and phase controls. - Excellent reproduction of bass frequencies with high transient content at high output levels. - Stereo or Mono inputs with through signal outputs and 125Hz High Pass outputs. - Two 120 high output, low frequency drivers with 30 (75mm) inside/outside, epoxy baked, high temperature, voice coil assembly and neodymium magnetic structures. - Two recessed side handles for simplified handling and carrying. - Acetyl copolymer, high impact, low friction feet are located on two sides allowing lock-in and easy cabinet movement. -

Two internal corner braces with four M10 suspension points. - M20 top hat for pole mounting applications. - LED indicators for signal present, limiter, thermal condition and power ON status.

Applications:
• Portable PA applications Fixed Installations Scalable into multiple-larger systems Easy to add to existing systems
