

## COMMUNICATIONS - WIRELESS

### CLEAR-COM 5 WAY FREESPEAK 2 RADIOCOMM SYSTEM

#### Complete Kit

FreeSpeak I1 is the next generation DECT-based distributed wireless solution that operates in multiple world-wide license-free frequency bands: 1.897-1.933GHz. This high performance wireless intercom system is designed for extensive communication in large-scale operations. Its ability to maintain a strong and continuous wireless connection across an expansive coverage area while providing crystal-clear digital audio makes FreeSpeak II the ideal wireless roaming solution for live event, broadcast, sport production, industrial, military and government applications.

Up to 50 DECT Beltpacks (maximum in good conditions) can be used in the same contiguous RF space in Europe and most of the rest of the world (details available from Clear-Com)

This package contains:

- 1 x Freespeak
- 2 Basestation
- 5 x Freespeak-2

Beltpack

- 2 x Freespeak-2

Antenna

- 5 x Clear-com CC-300 single sided headset

- 1 x Freespeak-2
