**MUSICIANS MONITORING SYSTEMS**

## AVIOM A-16R RACKMOUNT PERSONAL MIXER

The A-16R allows individual performers to create custom monitor mixes tailored to their individual needs. Designed for use in live performance or in the studio, the A-16R Personal Mixer gives each performer control over channel volume, grouping, pan, stereo spread, and master volume and tone. Every Personal Mixer in a system can create a unique monitor mix for a performer. Users can save and recall up to sixteen custom mixes as presets in their Personal Mixer. This is the rack mounted version of the A-16MkII

Features:

- 16-channel stereo mixer with fully adjustable pan per channel
- Sixteen Preset locations for storing custom mixes
- Channel solo, mute, and group functions
- Global trim for reducing all channel volumes
- Intuitive interface with no menus or screens to navigate Applications:
- Theatre
- Conference
- Rock n Roll
- Live Event
- Houses of Worship
- Leisure Facilities
