

MICROPHONES

SHURE BETA 98D/S SUPERCARDIOID CONDENSER MICROPHONE

For toms, snares and percussion instruments, no other microphone stands up to the performance and versatility of the Beta 98D/S. The Beta 98D/S is a high performance mini-condenser microphone designed to excel at professional sound reinforcement or recording. Its ultra-uniform pickup pattern provides high gain-before-feedback and excellent rejection of unwanted noise. With the unique A98D microphone drum mount (supplied), no other rim-mounted microphone stays more securely in place. This hardware has been redesigned for quicker, more secure rim-mounting without the need for a drum key. Its flexible gooseneck lets you position the mic in practically any configuration, so you get a virtually unlimited choice of sound options.

Features:

- Wide dynamic range for use in high SPL environments
 - Compact design reduces stage clutter
 - Detachable cable for easy storage
 - Legendary Shure quality, ruggedness, and reliability
- Applications:

- Theatre
- Conference
- Cinema
- Rock n Roll
- Live Event
- Theme Parks
- Houses of Worship
- Leisure Facilities
- Voice Evacuation
- Stadiums
