MICROPHONES

SHURE SM57 DYNAMIC CARDIOID MICROPHONE

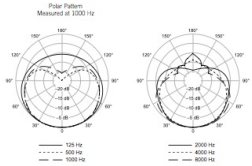

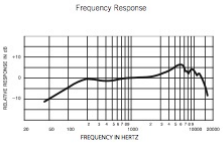

The legendary Shure SM57 is exceptional for musical instrument pickup and vocals. With its bright, clean sound and contoured frequency response, the SM57 is ideal for live sound reinforcement and recording.

The SM57 has an extremely effective cardioid pickup pattern that isolates the main sound source while minimizing background noise. In the studio, it is excellent for recording drums, guitar, and woodwinds.

Outstanding performance, reliability, and application diversity make this workhorse the choice of performers, producers, and sound engineers worldwide.

Features:

• Extremely durable under the heaviest use

• Frequency response: 40 to 15,000 Hz

• Very Reliable

• Contoured frequency response for clean, instrumental reproduction and rich vocal pickup Professional-quality reproduction for drum, percussion, and instrument amplifier miking

• Uniform cardioid pickup pattern isolates the main sound source while reducing background noise
