MICROPHONES

AUDIX D2 DYNAMIC HYPERCARDIOID RACK TOM MICROPHONE

Orbital Sound Ltd, 57 Acre Lane, Brixton, London, SW2 5TN, United Kingdom, Tel: +44 207 501 6868 hire@orbitalsound.com www.orbitalsound.com The D2 is used for stage, studio and broadcast applications. It is designed with a hypercardioid pickup pattern for isolation and feedback control and is equipped with a VLM diaphragm for natural, accurate sound reproduction. The D2 is an excellent choice for miking instruments with a percussive nature such as rack toms, congas, saxophones, guitar cabinets and brass. Transformer less design, low impedance and balanced output insure that the D2 will perform interference-free.
